Dear Ms. Kelly,

Thank you for your submission to the Canadian Institute of Management for the National Reaccreditation of your program. I am pleased to announce that after a comprehensive review the following programs will be reaccredited commencing September 1, 2015 ending August 31, 2020:

- International Business Management - Bachelor of Business Administration Degree
- Business Administration – Management Advanced Diploma

Your program will be accredited for a 5 year interval. You can also request accreditation of new or additional programs at any point in time.

Students graduating from the above noted programs will meet the *academic* requirements for the Certified in Management (C.I.M.) designation. In order to obtain this designation, graduates will need to demonstrate the appropriate level of managerial workplace experience. The appropriate application form and reference letters must be submitted to the Canadian Institute of Management Head Office. Designation candidates have the opportunity to apply for their C.I.M. designation under a two year exemption status. Please see the CIM National website for more information.

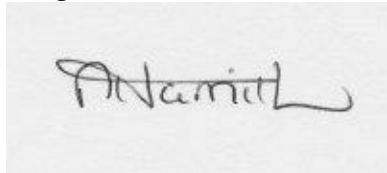

If you have not yet obtained a corporate membership, now would be an opportune time to do so. Please view the attached brochure for a listing of our corporate member benefits.

Leaders in Management • La gestion par excellence

An official reaccreditation certificate will follow. This will be presented to your institution by representatives of the CIM Local Chapter. We would also be pleased to announce this accomplishment in an upcoming issue of our magazine, the “Canadian Manager” that is published Canada-wide, and on our national website.

The Canadian Institute of Management looks forward to working with Conestoga College on the accreditation of future programs and the development of membership services for CIM members and designation holders. If you have any questions regarding educational matters, please do not hesitate to contact me directly.

Congratulations!
