

CONVOCAATION

DECEMBER 9, 2021

Conestoga College Institute of Technology
and Advanced Learning

Approved in 1977 by the College of Arms in London, England, Conestoga's coat of arms and crest together comprise the full armorial bearings. Each element is rooted in the traditions of heraldry and conveys a specific meaning.

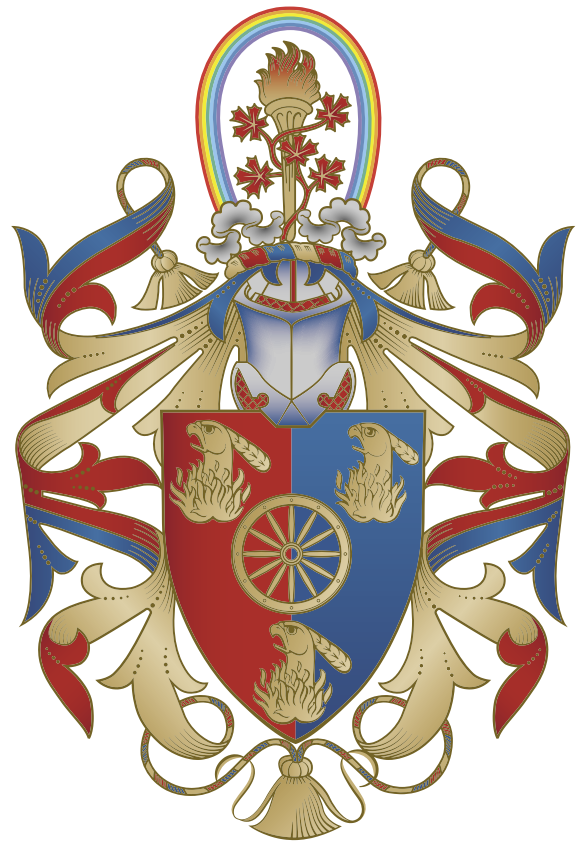

The three phoenix heads rising out of the flames represent art, and the creative process exercised by all artists in their chosen media.

The wheel in the centre of the shield symbolizes technology, since it is both the most ancient of inventions and the technological base from which all modern achievement stems. The wheel is also reminiscent of the Conestoga wagon wheel and the "hex" symbol, which has been used by the college to signify its link with its Canadian heritage.

The themes of art and technology reappear in the crest. The rainbow with all its colours signifies art. Technology is represented by the flaming torch, which in the language of heraldry also stands for scientific achievement and the development of knowledge.

The maple leaves that entwine the torch and form part of the crest acknowledge the national identity of the college, as well as the Province of Ontario.

The college motto is Transcend.

PRESIDENT'S MESSAGE TO GRADUATES

On behalf of the Board of Governors and the Conestoga community, I am pleased to offer my most sincere congratulations to the Class of 2021. This is a time of celebration as we recognize the accomplishments of Conestoga's newest graduates.

This has been a year like no other, and you are graduating into a world that has changed dramatically. You have shown yourself to be resilient and adaptable by successfully completing your studies despite the many challenges resulting from the global pandemic. These qualities will serve you well as you build a successful future.

Across the community and around the world, Conestoga graduates are known for their talent, their drive and their entrepreneurial spirit. They are innovative thinkers with the training and knowledge to solve some of the greatest challenges we face: they make a difference. And as you join their ranks today, I am confident that you will make a difference too.

Convocation is not the end of your journey: the adventure is just beginning. I urge you to keep growing. Build on what you've learned and accomplished. Commit yourself to making an impact in your workplace, in your community, and in your world.

As a member of an alumni community more than 150,000 strong, you will always be welcome at Conestoga. We are committed to helping you succeed in your career and encourage you to stay connected, wherever your adventures might take you.

I wish you every success in the future.

THE SIGNIFICANCE OF THE LIRIPIPE

The liripipe originated in the 15th century - the Renaissance period of great artists, scholars and explorers. A longer version of the present university hood, the liripipe symbolizes recognition of an individual sufficiently prepared to play a particular role in the world's work, as well as attainment of a standard of excellence that will encourage recipients to seek, learn and improve upon the nature of their chosen roles.

The Conestoga liripipe is a band of red velvet, edged and divided into four sections by gold trim and bearing four white tassels. It is draped over the left shoulder to signify acceptance into the community of Conestoga College graduates.

THE CONESTOGA BACCALAUREATE DEGREE HOOD

The Conestoga baccalaureate degree hood is bestowed on graduates of Conestoga degree programs in approved baccalaureate fields. The hood is in the traditional colour of black. The gold piping around the edge symbolizes successful attainment of a standard of excellence in a particular degree program. The display area of the hood features Conestoga's institutional colours of red, blue and gold.

GRADUATION ACADEMIC HONOURS

President's Honour List

For the graduating student in each diploma, graduate certificate and degree program who obtains the highest average in that program. The average for all courses of the program must be a minimum of 90 per cent, with no failed courses.

THANK YOU

Conestoga wishes to thank the many volunteers who serve on our Program Advisory Committees, providing a key link between the college, local employers and organizations, and the community. Program Advisory Committees help keep Conestoga aware of and responsive to employment needs and trends. They also lend insights relevant to developing, modifying and evaluating our programs of instruction.

These committees provide advice on matters such as:

- Academic program development, review and effectiveness
- Changes and trends in business and industry that affect programs, students and graduates
- Technological implications of changes and trends
- Assessment of facilities and equipment related to program goals
- Employment prospects for current students and graduates
- Co-operative education and field placement experiences
- Public relations involving professional and local communities
- Student development initiatives related to program and career goals
- Student awards
- Other special tasks and assignments related to the college and its programs of instruction.

During the 2020-2021 academic year, more than 1,000 community and industry leaders served on Conestoga's Program Advisory Committees.
