

WELCOME TO FITT!

The Forum for International Trade Training (FITT) is a not-for-profit organization dedicated to providing international business training, resources and certification for professionals across Canada and around the world.

HOW IS FITT PARTNERED WITH MY SCHOOL?

FITT is partnered with over 40 colleges and universities throughout Canada and internationally. Conestoga College is a FITT educational partner and is recognized by FITT as meeting their standards of excellence for international trade training and education.

WHAT IS A CERTIFIED INTERNATIONAL TRADE PROFESSIONAL (CITP® | FIBP®) AND WHY WOULD I WANT IT?

CITP® | FIBP® is a global designation that informs industry stakeholders that you have achieved a standard level of knowledge, skills and experience required to be successful in today's competitive global markets. It also provides you with a competitive advantage when you enter the job market.

HOW DO I OBTAIN THE CITP® | FIBP® DESIGNATION?

There are 3 requirements to obtain the CITP® | FIBP® designation:

- 1) Earn a FITT Diploma. This is accomplished by successfully completing your International Business Management degree and requesting pre-approved credit transfers for your courses.

Be sure to request your student package from FITT as soon as you enroll in your program (info@fitt.ca). You will receive access to FITT's 6 eBooks which will supplement your learning and help you to prepare for Step 2.

- 2) Successfully complete the FITT Professional Examination or 2 skills assessments.
- 3) Gain industry experience. You must have a minimum of 1 year of professional international business experience.
